 Appellant)

On October 3, 2011, the National Appeals Office (NAO), a division within the National Marine Fisheries Service (NMFS), issued a Decision in this appeal. The Decision stated Appellant may submit a Motion for Reconsideration, but NAO must receive it not later than 4:30 pm Alaska Time, October 13, 2011. NAO received Appellant's Motion for Reconsideration dated October 19, 2011, on October 20, 2011. NAO did not receive a request from Appellant for an extension of time to file a Motion for Reconsideration.

Therefore, I conclude Appellant's Motion for Reconsideration was not filed in a timely manner and deny his Motion.

The new effective date of the Decision is December 1, 2011 subject to the Regional Administrator's review.¹
