# False Killer Whale TRP Research Priorities 2013/2014 Revision

Nancy Young  
April 29, 2015

# Research Priorities Revision

- Work Group to review/update list of research activities/projects originally ID'd and ranked by TRT in 2010
- Three teleconferences July-Nov 2013 to develop and refine list of projects, and conduct and discuss draft rankings
- Priorities emailed to TRT for review in Feb 2014
- Finalized/approved with no additional changes in Mar 2014
- Available online:  
[http://www.nmfs.noaa.gov/pr/pdfs/interactions/fkwtrt\\_research\\_priorities\\_mar2014.pdf](http://www.nmfs.noaa.gov/pr/pdfs/interactions/fkwtrt_research_priorities_mar2014.pdf)

# 2013/2014 Revision

- Four categories
  - False killer whale biology, longline gear, state fisheries, false killer whale assessment
- Multiple ways to summarize priorities
  - Main document calls out the 21 highest ranked projects/activities
  - Attachments provide full list of 57 projects in rank order, and 5-8 top-ranked projects in each category
- Other considerations
  - Sequencing
  - Synergy
