Proposed Rule to Implement the ICCAT eBCD System

Public Hearing Conference Call and Webinar
October 13, 2015

Background

- 2007: ICCAT adopted Recommendation 07-10 to develop the bluefin tuna catch documentation (BCD) scheme
- 2008: U.S. implementation of BCD scheme
- 2010: ICCAT adopted Recommendation 10-11 to develop an electronic bluefin tuna catch documentation system (eBCD system)
- 2013: ICCAT set implementation date for March 1, 2015
- 2014: ICCAT decided system would not be fully developed by deadline

Timeline

- Proposed rule to implement eBCD system published October 9, 2015 (80 FR 61146)
 - Comment period ends November 9, 2015
- Date for implementation of the eBCD system anticipated to be set during November 2015 ICCAT annual meeting
- Timing of final rulemaking would aim to implement system by ICCAT deadline
 - Deadline potentially as early as March 1, 2016

eBCD System

- eBCD system builds on paper-based BCD program
 - Used by HMS International Trade Permit (ITP) holders
 - Required for all imports, exports, or re-exports of bluefin tuna
 - Validated by exporting or re-exporting country, except for tagged fish
- eBCD system available for testing and use on voluntary basis

eBCD System

eBCD

Electronic Bluefin tuna catch document

Welcome

Welcome to the eBCD web for the management of the electronic Bluefin Tuna Catch Documents and the Re-export Certificates. This system seeks an "in real time" traceability of bluefin tuna caught in ICCAT Convention waters from catch to marketing, streamlining bureaucratic procedures in documents' validation.

Enter your user name and password.
If you don't have a user account, [request an account](#) or check the [status of an account request](#)

User name:

Password:

[I forgot my password](#)

Login

Setting Up a User Account

The screenshot displays a web application interface for user management. At the top, a blue navigation bar contains links for Home, BCD and BFTRC Registry, Users Registration, Reports, Registry, JFO, and Help. Below the navigation bar, the breadcrumb trail shows 'Users Registration' > 'Users Management'. The main content area is divided into two sections: 'Account' and 'User Data'. The 'Account' section shows the user name 'JCREVALLE' with a 'Reset password' button and the status 'Active' with a 'Block' button. The 'User Data' section contains various input fields for personal information: Name (Jack), Surnames (Crevalle), Title (Mr), Job Title (Operator), Language (English), City (Kingston), Address (123 Amberjack Lane), Postal Code (02582), Phone, Fax, and E-mail (jack@gmail.com).

This system walkthrough uses a test account for User "Jack Crevalle," an operator at "ABC Fish Company," a bluefin tuna importer/exporter

Selecting and Adding Role(s) and Associated Companies to User Profile

The screenshot shows a web interface for adding roles to a user profile. The form is titled "Add Roles" and contains the following fields and controls:

- Access eBCD system as:** A dropdown menu with "Exporter WBFT" selected.
- CPC:** A dropdown menu with "UNITED STATES" selected.
- Company:** A section containing:
 - Search:** A text input field with the placeholder "Name / National registration No."
 - Name:** A text input field.
 - National registration No.:** A text input field.
- Buttons:** An "Add" button with a plus icon is located below the search and company fields. A second "Add" button is located below the "Valid until" field.
- Valid until:** A date input field with the label "Valid until" and "Time GMT" below it.
- Save:** A "Save" button is located at the bottom of the form.

After Selection, Assigned Roles are added to User Profile

The screenshot displays a user profile management interface. It features two main sections: 'Add Roles' and 'Assigned Roles'. The 'Add Roles' section includes a dropdown menu labeled 'Access eBCD system as:'. The 'Assigned Roles' section is titled 'Importer / Exporter' and contains a table with the following data:

| Name company | Role | Flag | Valid until | | |
|------------------|---------------|--------|-------------|--|--|
| ABC FISH COMPANY | Exporter WBFT | U.S.A. | | | |
| ABC FISH COMPANY | Importer WBFT | U.S.A. | | | |

Below the table is a 'Save' button.

Creation of New eBCD

First piece of information: Harvest Date

The screenshot shows the eBCD (Electronic Bluefin tuna catch document) web application. The header includes the eBCD logo with a fish icon, the text "Electronic Bluefin tuna catch document", a "See new developments" button, and language selection icons for Spanish, French, and English. A user profile for "Jack Crevalle" with a "Logout" option is visible in the top right. A blue navigation bar contains links for "Home", "BCD and BFTRC Registry", "Users Registration", and "Help". Below this, a breadcrumb trail shows "Home > BCD and BFTRC Registry". The main content area features a "Catch Information" section with a "Date" input field. A date picker calendar is open, showing "August, 2015" with the 13th highlighted. The footer includes the NOAA logo, the text "ICCAT | International Commission for the Conservation of Atlantic Tunas - Contact", and "Today: August 13, 2015".

Next Section: Vessel Information using the search function

The screenshot shows a web application interface with a blue navigation bar at the top containing links for Home, BCD and BFTRC Registry, Users Registration, and Help. Below the navigation bar, a breadcrumb trail shows a home icon followed by 'BCD and BFTRC Registry'. The main content area is divided into several sections, each with a right-pointing triangle icon:

- Catch Information**: Contains a 'Date' field with '8/13/2015' and '1:09 PM', and a 'Stock' dropdown menu with 'West Bluefin Tuna' selected.
- Vessel Information**: Contains a 'Flag' dropdown menu with 'USA - U.S.A.' selected, a 'Search' text input field with 'National Registration Number / Name', and a 'Catch' field with two empty input boxes and a 'Kg' dropdown menu.
- Catch Description**: This section is partially visible at the bottom of the screenshot.

This is the message that appears when the user saves the catch section

Now that the eBCD is saved you can see the document number as well as the option to skip validation. Since these are tagged fish they are exempt from validation.

The screenshot displays the NOAA Fisheries BCD and BFTRC Registry interface. At the top, a blue navigation bar contains links for Home, BCD and BFTRC Registry, Users Registration, and Help. Below this, a breadcrumb trail shows the current location: BCD and BFTRC Registry. The main content area features a document entry for US15900001, dated 8/13/2015. A blue button with an upward arrow and a plus sign is visible next to the document number. A green information box contains the following text: "This BCD meets the necessary criteria to consider the section EXEMPTED of validation. If you decide to send to validate the section, this exemption will be lost and the following sections must also be validated." Below this, the "Catch Information" section is expanded, showing a date of 8/13/2015 at 6:09 PM GMT and a stock of West Bluefin Tuna. The "Vessel Information" section is also expanded, showing a flag of USA - U.S.A. and a search field containing the number 10060799.

If a user inadvertently clicks "send for validation" they will have to wait until the government authority clears it.

Option to print out the Catch Section just completed

Initiating Trade Section: Click on symbol next to document number

The screenshot displays the eBCD (Electronic Bluefin tuna catch document) web interface. At the top, the logo 'eBCD' is accompanied by a fish icon and the text 'Electronic Bluefin tuna catch document'. A navigation bar includes links for 'Home', 'BCD and BFTRC Registry', 'Users Registration', and 'Help'. The main content area shows a document entry for 'US15900001' dated '8/13/2015'. A red arrow points to a small blue icon with a plus sign next to the document number. A 'New' dialog box is open, showing two radio button options: 'Transshipment in port' and 'Trade', with 'Trade' selected. An 'Add' button is at the bottom of the dialog. Below the dialog, a 'Catch Information' section contains input fields for 'Date' (8/13/2015 6:09 PM) and 'Stock' (West Bluefin Tuna).

First piece of information: Trade Date

The screenshot displays the eBCD (Electronic Bluefin tuna catch document) web application. At the top left, the logo features a fish and the text "eBCD Electronic Bluefin tuna catch document". A "See new developments" button is located at the top right, along with flags for Spain, Italy, and the United Kingdom. Below the header, a navigation bar includes "Home", "BCD and BFTRC Registry", "Users Registration", and "Help". A user profile for "Jack Crevalle" with a "Logout" option is visible. The main content area shows a list of catch documents under the heading "BCD and BFTRC Registry". One document is highlighted in blue, showing the ID "US15900001" and the date "8/13/2015". Below this, a "Trade Information" section is visible, containing a "Date" input field with two adjacent text boxes. At the bottom, the ICCAT logo and the text "ICCAT | International Commission for the Conservation of Atlantic Tunas - Contact" are present.
