RE: Withdrawal of G&G Permit LoA Application, VSP Seismic Survey  
Mississippi Canyon, area around OCS block MC 81  
BOEM G&G Permit L22-019

Mr. Laws:

On March 23, 2023, Anadarko Petroleum Corporation (Anadarko) received an approved Letter of Authorization (LoA) for the potential take of marine mammal's incidental to conducting a VSP Seismic Survey in the vicinity of the Horn Mountain field, in the Mississippi Canyon area, near block MC 81. This LOA approval was a time extension of the original LoA approval letter dated September 27, 2022, for the same activity.

Anadarko has since elected to not conduct the VSP Seismic Survey, therefore, no action occurred under this LoA. This letter notification is being submitted in lieu of the marine mammal monitoring report that is required under the issued LOA.
