L22-022 Permit Withdrawal  
*October 17, 2023*

Dear Sir/Madam,

Chevron would like to withdraw Permit #L22-022, Big Foot DAS VSP 2.  
In addition, the NMFS LoA dated January 27, 2023 will not be needed.  
No work has taken place.

Thank you for your patience and work on this this technically challenged project.  
We hope to re-visit this technology in the future.

Regards,

A handwritten signature in blue ink, appearing to read 'Scott A. Baker'.
