Re: NEETMA Memorandum Regarding Work Complete

Dear Ms. Harrison:

NextEra Energy Transmission MidAtlantic Holdings, LLC (NEETMA), applied for and received an Incidental Harassment Authorization (IHA; 87 FR 40796) under the Marine Mammal Protection Act to conduct reconnaissance level HRG&G surveys off the coast of New Jersey valid from July 1, 2022, through June 30, 2023.

This memorandum is to confirm that no HRG&G work occurred under this authorization, and no future work is expected to occur which would necessitate the reissuance of the prior Authorization. Should future work occur on this project, a new IHA would be sought at that time.

Please feel free to contact me at Jennifer.Field@nexteraenergy.com or (561) 758-7277 or Sarah Zappala at Sarah.Zappala@hdrinc.com or (201) 335-9450 with additional questions.

Sincerely,

Jennifer Field
