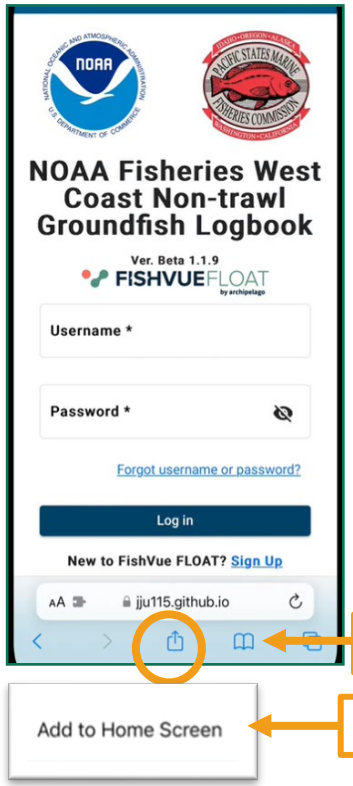
Getting Started: Download the App

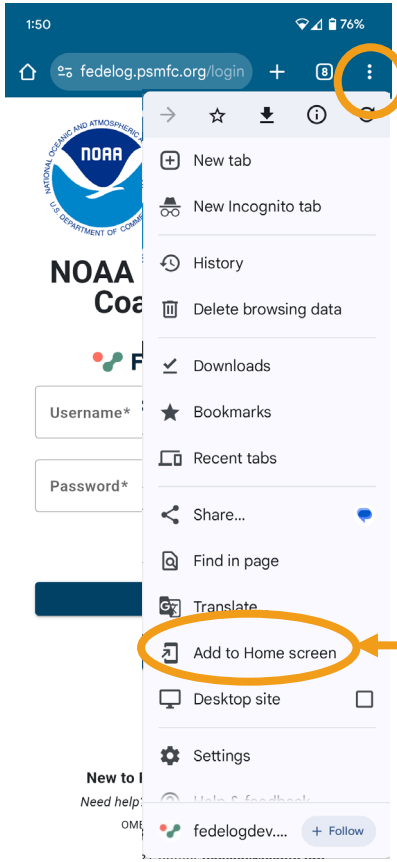
- For all devices, access the app in your web browser at https://fedelog.psmfc.org
- You will need to be online to download and create your account, and to submit data, but you can collect data offline
- Download based on your device:

APPLE DEVICES



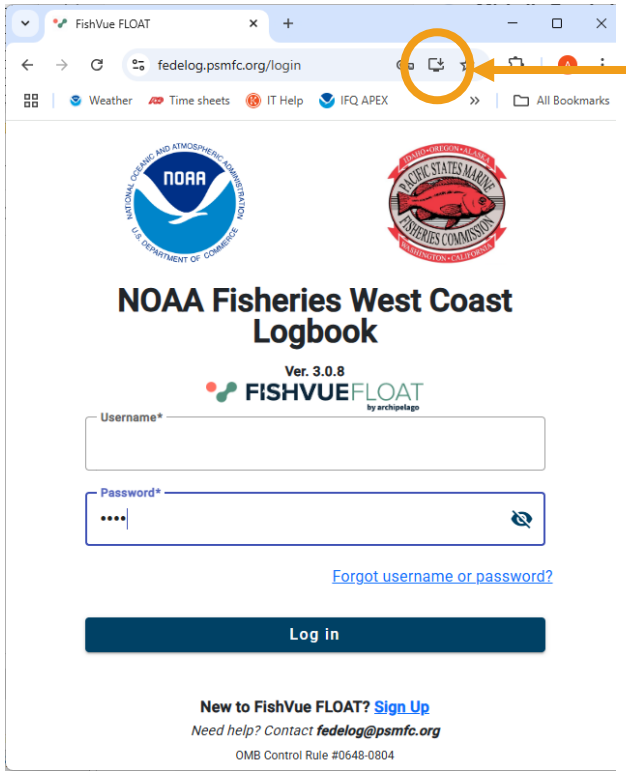
1. Click share button
2. Select from menu

ANDROID DEVICES



1. Menu button
2. Select from menu

CHROME WEB BROWSER

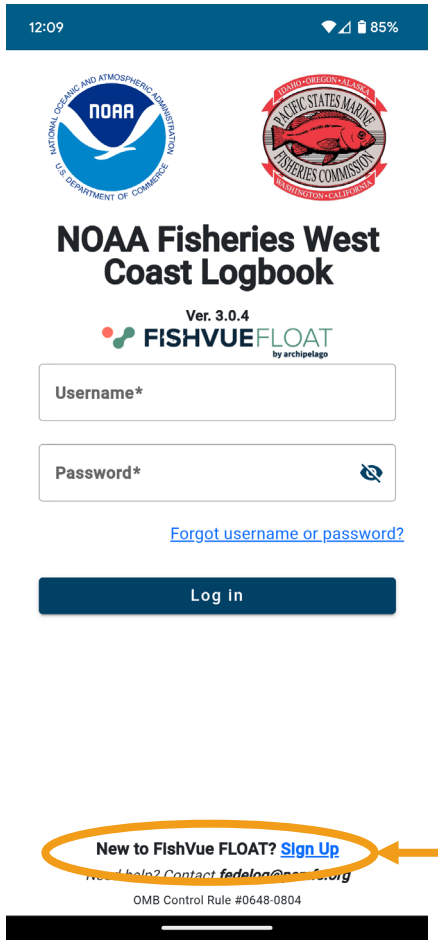


1. Click download button
2. Choose "Install" at prompt

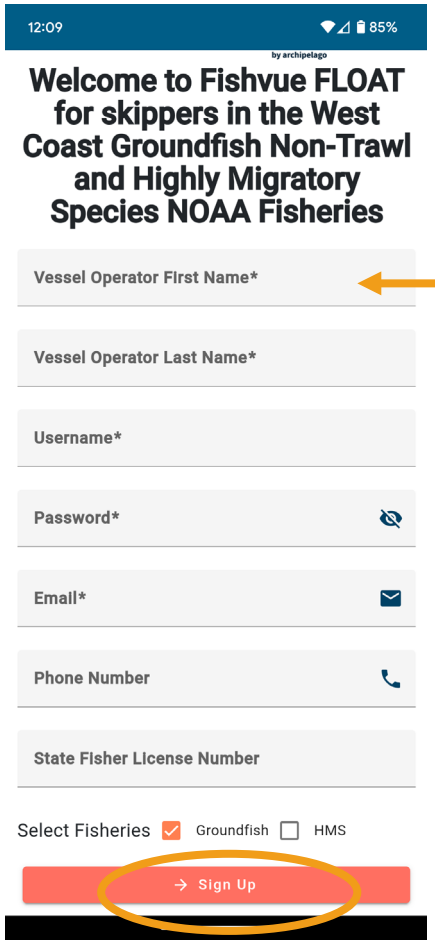
NOAA FISHERIES WEST COAST LOGBOOK APP – HMS INSTRUCTIONS

Getting Started: Create an account

- Open your app OR access online at https://fedelog.psmfc.org



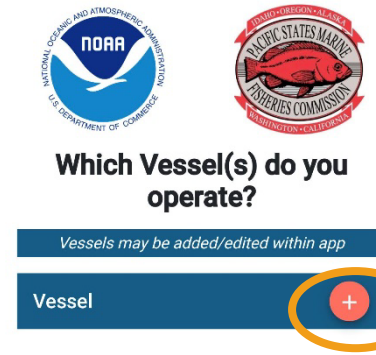
1. Click "Sign Up"

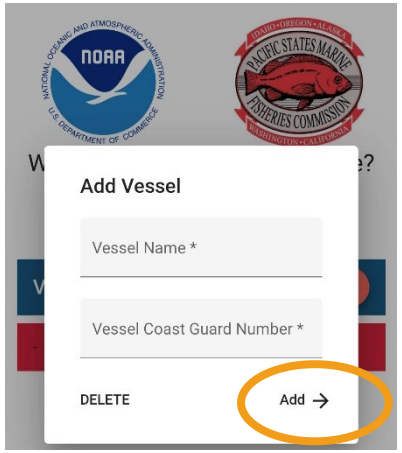


2. Fill out the form

Select "HMS" for your fishery

Then click red "Sign Up" at the bottom





3. Add your vessel

If the vessel is not recognized, a warning will ask you to check for errors. Not all vessels will be recognized, so choose "Continue" if all vessel information is correct.

4. Confirm your Email

Check your email for a link. You cannot submit a logbook until your email is confirmed

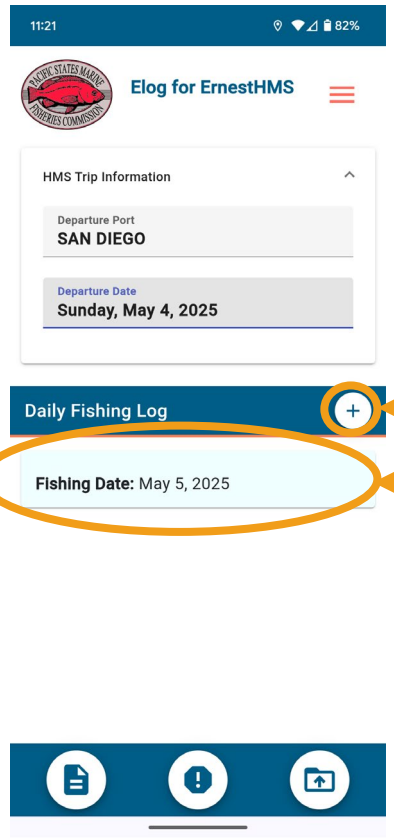
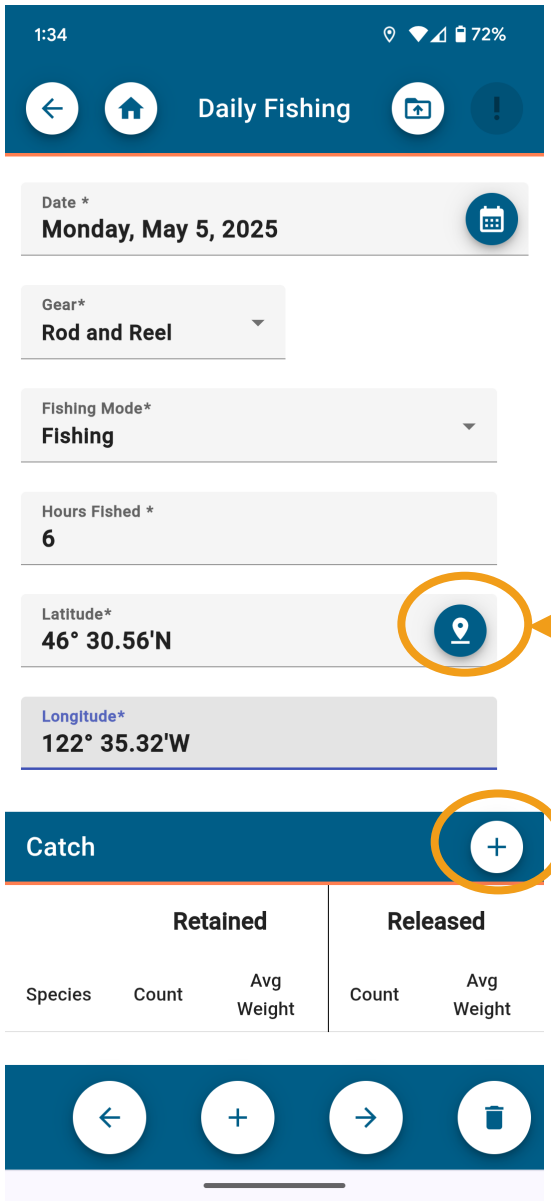
Adding fishing data



Add a new daily log

Click on any existing daily log to edit.



Enter date, gear, mode, location and hours fished.

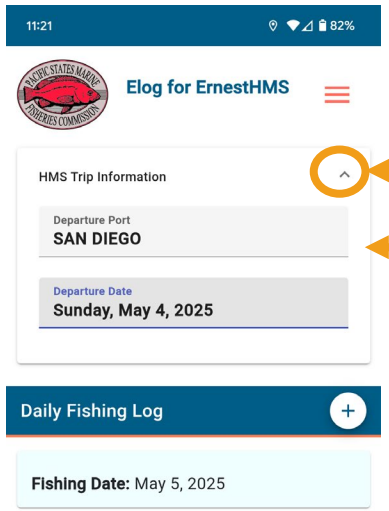
Use location button to auto-fill the lat and lon.

Or tap the fields to enter manually.

Use the catch plus button to add retained and released fish. You can optionally add the average weight of the fish.

NOAA FISHERIES WEST COAST LOGBOOK APP – HMS INSTRUCTIONS

Landing data

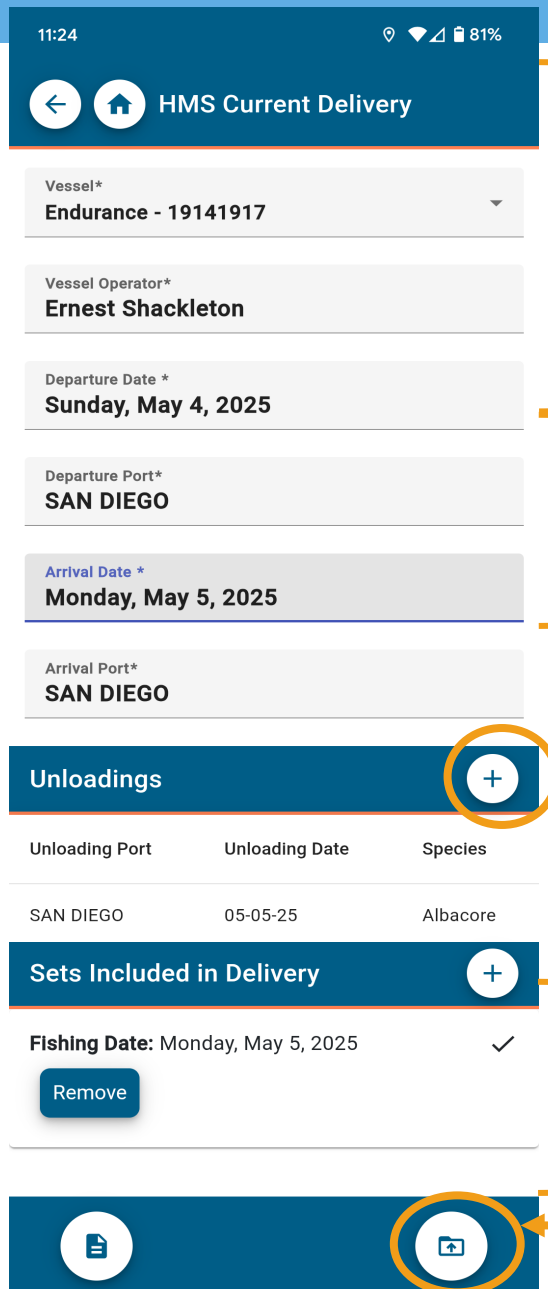


Enter Trip start date and port at the top of the home screen.

Use the small arrow to open and close section

Start typing in the port name and a list of options will appear

At the end of the trip, tap the submission button to enter landing data and make your submission



Edit vessel and departure if needed

Add arrival date and port

Add a record for each fish ticket or other unloading

All daily logs are shown for you to check

Submit once everything is complete
