Instructions
FLATFISH EXCHANGE APPLICATION

NMFS will process a Flatfish Exchange Application provided that a Western Alaska Community Development Quota (CDQ) group or Amendment 80 (A80) cooperative submits an online application with all applicable fields accurately filled in.

Each CDQ group or A80 cooperative may request that NMFS exchange flatfish (flathead sole, rock sole, and yellowfin sole, or any combination of two flatfish species). NMFS will approve the exchange application if the CDQ group or A80 cooperative exchanging quota and ABC reserve has sufficient quota and ABC reserve available for exchange. Each CDQ group or A80 cooperative is limited to three exchanges per calendar year.

NMFS approval of an exchange application is required prior to the usage of the flatfish total allowable catch. NMFS will approve the exchange application if the CDQ group or A80 cooperative:

- ◆ Exchanging flatfish has sufficient CDQ ABC reserves or A80 ABC reserves for the flatfish species which it is requesting to increase its CDQ or A80 CQ;
- ◆ Requesting an exchange of flatfish surrenders an equal amount of unused CDQ or A80 CQ for flatfish;
- ◆ Has not received three approved Flatfish Exchanges during that calendar year;
- ◆ NMFS receives a completed flatfish exchange application from a CDQ group or A80 cooperative during the calendar year that the Flatfish Exchange would be effective;
- ◆ Requesting an exchange of flathead sole, rock sole, or yellowfin sole has not otherwise received additional allocations or roll-overs of flatfish CDQ or CQ that could cause the amount initially specified as the ABC reserve to be exceeded.

If the request is approved, NMFS will make the requested exchange and notify the requester when the exchange is completed. The CDQ or A80 CQ will be exchanged as of the effective date of the notice of adjustment or apportionment in the *Federal Register*. The exchange application is effective only for the remainder of the calendar year in which the exchange occurs.

No exchange, adjustment, apportionment of flatfish may take effect until NMFS publishes notification in the *Federal Register* with a statement of the findings on which the exchange, adjustment, or apportionment is based. Each NMFS approved flatfish exchange application is debited as one exchange, on the effective date of the notice of adjustment or apportionment in the *Federal Register*.

Retain a copy of completed request for your records.

When complete, submit online: <https://alaskafisheries.noaa.gov/webapps/efish/login>

If you need additional information regarding CDQ or A80 ABC Reserve Exchange of flathead sole, rock sole, or yellowfin sole, contact Sustainable Fisheries Division at 907-586-7228.

COMPLETING THE APPLICATION

Enter the following information for each transfer.

Date of Transfer Request

Fishing Year

Indicate whether requestor is a CDQ Group or A80 Cooperative

BLOCK A -- CDQ GROUP OR COOPERATIVE INFORMATION

1. Name of CDQ group or A80 Cooperative
2. CDQ group or A80 Cooperative ID number
- 3–5. Business telephone number, business fax number, and business e-mail address

BLOCK B -- AMOUNT EXCHANGED

Identify the ABC reserve amount to be removed from the eligible flatfish CDQ ABC reserve or A80 ABC reserve for conversion to CDQ or Amendment 80 CQ.

Adjustment to ABC Reserve Amount

1. Species Code. For each species for which an exchange is being requested, enter the species code.
2. Amount. Specify the amount being exchanged. The CDQ allocations must be recorded at the 0.001 mt. The Amendment 80 allocations must be recorded to the nearest metric ton.

Adjustment to CQ Amount

1. Species Code. For each species for which an exchange is being requested, enter the species code.
2. Amount. Specify the amount being exchanged. The CDQ allocations must be recorded at the 0.001 mt. The Amendment 80 allocations must be recorded to the nearest metric ton.

BLOCK C – CERTIFICATION

Electronic Certification

Designated representative must log into the system and create an exchange application as indicated on the computer screen. By using the exchanger's NMFS ID, password, and Transfer Key and submitting the exchange application, the designated representative certifies that all information is true and correct.

PUBLIC REPORTING BURDEN STATEMENT

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0565. Without this approval, we could not conduct this information collection. All responses to this information collection are required to obtain or retain benefits and are required to manage the commercial fishing effort of the CDQ program in the Bering Sea and Aleutian Islands management area and the Amendment 80 Program under 50 CFR part 679 and under section 402(a) of the Magnuson-Stevens Act (16 U.S.C. 1801, *et seq.*). Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to NOAA, National Marine Fisheries Service, Alaska Region, Attn: Assistant Regional Administrator, Sustainable Fisheries Division, P.O. Box 21668, Juneau, AK 99802-1668.

PRIVACY ACT STATEMENT

Authority: The collection of this information is authorized under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*

Purpose: NMFS uses this information to determine eligibility for the flatfish exchange and to exchange the harvest quota. The information required by this application is necessary to ensure that the flatfish harvest quota are exchanged in compliance with the regulations governing the exchange of this quota.

Routing Uses: Disclosure of this information is subject to the published routine uses identified in the Privacy Act System of Records Notice COMMERCE/NOAA-19, Permits and Registrations for the United States Federally Regulated Fisheries. In addition, NMFS may share information submitted on this application with other State and Federal agencies or fishery management commissions, including staff of the North Pacific Fishery Management Council and Pacific States Marine Fisheries Commission. Other information is confidential under section 402(b) of the Magnuson-Stevens Act and NOAA Administrative Order 216-100, which sets forth procedures to protect confidentiality of fishery statistics.

Disclosure: Furnishing this information is voluntary; however, failure to provide complete and accurate information will prevent NMFS from exchanging the flatfish harvest quota.
